

ORSC Certification Middle Eastern Cohort – Falcon Cohort

We are extremely excited to finally announce the launch of the ORSC Certification Cohort exclusive to our GCC & Middle Eastern ORSCers. It has taken us a few years of planning to overcome the many challenges that were needed to be faced to bring this Cohort to the Middle East, however, we are delighted to let you know that the **FALCON COHORT** is ready to take its flight and will launch in **January 2020**.

What this means is that our Middle Eastern ORSCers who until now may not have had the opportunity to travel to the US to participate in the Certification Residential, will now be able to do so, because the Residential will be held in Dubai, UAE, making the Falcon Cohort Certification available for all those that were not previously able to attend the program – this for us is a huge success and an occasion to celebrate!

The **FALCON COHORT** will begin **January 6, 2020 and end September 7, 2020**, and the Certification Sign-up call will be held on **16th December 2019** which means that registration for the program will close on **November 30, 2019**

We look forward to sharing more information with you, over the next few weeks about this valuable program – and to inviting you to the **Certification Information webinar** on the **24th of September** where you will have an opportunity to have all your questions answered. Please look out for more information on the Certification and the Information webinar as we will be sharing more information in the next few weeks.

The **FALCON COHORT** will accommodate 15 participants and we will accept any ORSCer who has completed the ORSC Series through Systems Integration, on a first come first serve basis – please email your registration to attend this long-awaited program at **info@berlotgroup.com**
